

Fenics GO named OTC Trading Platform of the Year

Feb 11, 2021 6:23 AM

LONDON, Feb. 11, 2021 /PRNewswire/ -- Fenics GO, a pioneering electronic trading platform operated by the Fenics division of BGC Partners, Inc. (NASDAQ: BGCP) ("BGC Partners," "BGC" or the "Company"), has been named the winner of the 2021 OTC Trading Platform of the Year award by **Risk.net**, the financial industry's leading publication for in-depth news and analysis on risk management, derivatives and regulation.

Fenics GO, the only multilateral electronic platform for block-sized options which ensures best-execution, offers full transparency of order flow as well as straight-through-processing to the exchange. It launched with Eurex listed Euro Stoxx 50 Index Options and related Delta 1 strategies in the third quarter of 2019 in collaboration with IMC, Maven Securities and Optiver.

In 2020, supported by additional global liquidity partners including Akuna Capital, Citadel Securities, Lighthouse Financial Technologies and Susquehanna, Fenics GO arranged around 4.5 million Euro Stoxx options with a notional value of over \$80 billion. For Nikkei 225 options, launched in February 2020, over 320,000 options with a notional value of over \$35 billion were arranged before launching Hang Seng China Enterprises Index options in December 2020.

Risk.net commented, "The platform's appeal stems in part from its ability to translate the voice trading process onto electronic systems. This best-of-both-worlds approach blends familiarity with new perks such as audit trails and easy processing for execution and clearing."

Jean Pierre Aubin, co-global head of brokerage at BGC Partners, commented, "We are honoured to receive the 2021 OTC Trading Platform of the Year award by **Risk.net**. This prestigious award is a testament to the investment we have made in our people and technology in delivering cutting-edge solutions to our clients."

The **Risk.net** award is the second win for Fenics GO within a three-month period. In December 2020, Fenics GO was named the Trading and Execution Solution of the Year in FOW's International Awards 2020.

Luke Jeffs, managing editor of Global Investor Group, said: "BGC has continued to demonstrate its credentials as a market-leading supplier of execution tools as well as a top inter-dealer broker. The Fenics GO service is a great example of a firm using technology to deliver transparency and efficiency, bringing some of the advantages of trading in the listed segment to a largely OTC market."

Fenics GO received the OTC Trading Platform of the Year award at the Risk Awards 2021 virtual ceremony in February 2021. The full report on Fenics GO's award can be downloaded at **Risk.net**

About Fenics GO

Fenics is the brand through which the BGC Group offers fully electronic and associated hybrid transactions across all asset classes. Fenics GO specialises in the arrangement of block trades for global exchange listed options and delta 1 products. Capitalising on BGC's electronic trading heritage, its goal is to enhance the current voice brokerage model by offering a technologically advanced electronic platform connecting market participants and intermediaries directly. Fenics GO combines complementary trading protocols to enable the dynamic work-up of multiple trading interests anonymously. Its focus on transparency and the provision of diverse execution methods to initiate or join transactions, coupled with Fenics GO's leading-edge technology, creates a robust and reliable trading environment for all participants. With a commitment to low costs, fairness, transparency, and resiliency Fenics GO aims to be the premier OTC marketplace to source listed derivative block liquidity.
